SOFT-CASE

Wide format handheld enclosures

SOFT-CASE plastic enclosures convince design engineers, because they correspond with today's design and technology needs.

- handy design with soft contours for a pleasant touch sensation
- unique "wide format" offers a generous interface area as well as sufficient room for larger displays, while also ensuring user comfort
- raised connector mounting panel on the wide edge to accommodate more connections
- universal use for handheld, desktop and wall mount applications
- four sizes
- optional intermediate rings provide more installation height. Different versions: ABS rings in case color or chromated, soft TPE ring
- with soft TPE ring protection class IP 54 possible (enclosure versions without battery compartment in ABS or PMMA)
- two materials: ABS (UL 94 HB) or PMMA infra-red light-permeable (UL 94 HB)
- without/battery compartment for 2 x AAA, 2 x AA, 4 x AA or 1 x 9 V;
- clip-on battery compartment lid can be screw fixed
- recessed operating area for protecting the membrane keypad or decorative foil/label
- combi-clip serves as a belt clip and/or wall suspension element (accessory)
- tilt foot bar for ergonomic canting on a desk
- internal fastening pillars for PCBs
# SOFT-CASE

## Applications and Examples

- All types of remote control devices, wireless or with cable
- Measurement and control engineering
- Digital control technology
- Medical and laboratory technology
- Peripheral and interface equipment
- Communications technology
- IoT/IIoT
- Environmental engineering
- Energy management

## View Customizing Options

What do you still need for your own very personal product? We can supply enclosures and tuning knobs with all necessary modifications for fitting your electronic components.

Customizing options for Soft-Case
## SOFT-CASE

- Machining
- Lacquering
- Printing
- Laser marking
- Decor foils
- Special material
- RFI/EMI shielding
- Installation / Assembly of accessories
