

Attractive low profile plastic enclosures

These highly attractive enclosures are especially suitable for living and working environments – ideal for communication and network equipment.

- modern, flat enclosure design for wall mounted and desktop electronics
- · central control panel for mounting a keypad, touch screen or display unit
- recessed area for installation and protection of interfaces, plug-in connections, cable glands etc.
- · easy, invisible wall mounting; knockouts in base for wall fixings
- · four sizes in two colors
- **DIATEC XS:** two-piece case, consisting of a top and bottom part, screwed together with Torx T10 stainless steel screws, integrated battery holder for 2 x AA, pre-shaped flush-mounting box contoured in the bottom part
- DIATEC S, M, L: four-piece case, consisting of a top and bottom part as well as two covers for concealing the assembly screws; if required, the snap-on covers can be locked to prevent unauthorized access; integrated battery compartment for 2 x AA or 1 x 9 V
- slot-in panels (accessories) can be used to separate the electronics and terminal areas
- protection class IP 40
- snap-on side panels allow installation without disassembly of the top panel (S, M, L)
- · internal screw pillars for mounting PCBs

Applications and Examples

- · Peripheral equipment for computers
- IoT/IIoT
- Gateways
- · Data system engineering
- · Systems for data collection on the job
- · Access and security controls
- Measuring and controlling devices
- Medical, wellness and laboratory technology

Control panel for home automation

Control unit for photovoltaic solar installations

Controller for intelligent tank management

House control unit

Indoor air quality control

Multi-functional terminal

Solar Control Panel

Systems for drying brickwork

WBA receiver unit for measuring biosignals

Weather Monitoring Station
